

# 1199 HELPS HOSPITAL WORKERS CARE FOR OUR CHILDREN!

Through the Child Care Funds (CFC) our members have negotiated quality child care and youth programs for our families. These innovative programs help children throughout their whole lives—from just after birth, all the way to college, and at no-cost to us!

## ✓ **SAFE & AFFORDABLE CHILDCARE**

Our union's child care programs give us the peace of mind that comes with knowing that there is safe and dependable care for our children. Our fund also covers partial cost of day care, depending on income.

## ✓ **YOUTH PROGRAMS**

Our members have also negotiated access to affordable after-school programs, summer and holiday camps and cultural arts programs for our children.

## ✓ **EDUCATIONAL & WORKFORCE PROGRAMS**

To prepare for the challenges ahead, we can negotiate in our contract the opportunity to offer 14 to 17 year-olds the chance to participate in classes, workshops and internships that help them determine their career path. Our fund also offers SAT and college prep, and scholarships for college.

**“These innovative programs help children throughout their whole lives—from just after birth, all the way to college...”**
